

**Outstanding Security
Performance Awards**

Call for Nominations—US Outstanding Security Performance Awards

Entry to the 2019 US Outstanding Security Performance Awards (OSPAs) is open through to **1 July 2019**. Anyone working in (or from) the US can enter.

The OSPAs are an independent awards scheme to recognise outstanding performance across the security sector. The US awards are part of a global awards scheme currently running in eight countries.

Winning an OSPA is recognized by many as one of the most prestigious accolades a company, team or individual can be awarded.

For the fourth consecutive year, the OSPAs have partnered with ASIS International to deliver the US Awards.

Winners will be announced on Monday, 9 September 2019 at **Global Security Exchange (GSX)** in Chicago where 3,000 security professionals will unite at a networking lunch to celebrate excellence across the sector.

Nominations for the 2019 awards are invited in the following categories:

- Outstanding In-House Security Manager/Director
- Outstanding Contract Security Manager/Director
- Outstanding Security Team
- Outstanding Contract Security Company (Guarding)
- Outstanding Security Consultant
- Outstanding Security Training Initiative
- Outstanding New Security Product
- Outstanding Customer Service Initiative
- Outstanding Information Security Company
- Outstanding Security Equipment Manufacturer
- Outstanding Security Officer
- Outstanding Young Security Professional
- Lifetime Achievement Award

The [judges](#) are selected by the leading security associations across America who proactively support and participate in these awards. All judges sign an ethics policy and mark independently. The criteria for each category are available on the [OSPAs website](#).

Full details on how to enter can be found at <https://us.theospas.com/enter/>.

The 2019 US OSPAs are sponsored by [Innovise Software](#), a leading and long-standing technology provider to the security services and facilities management sector.
